

Bianco Super+

NABEL

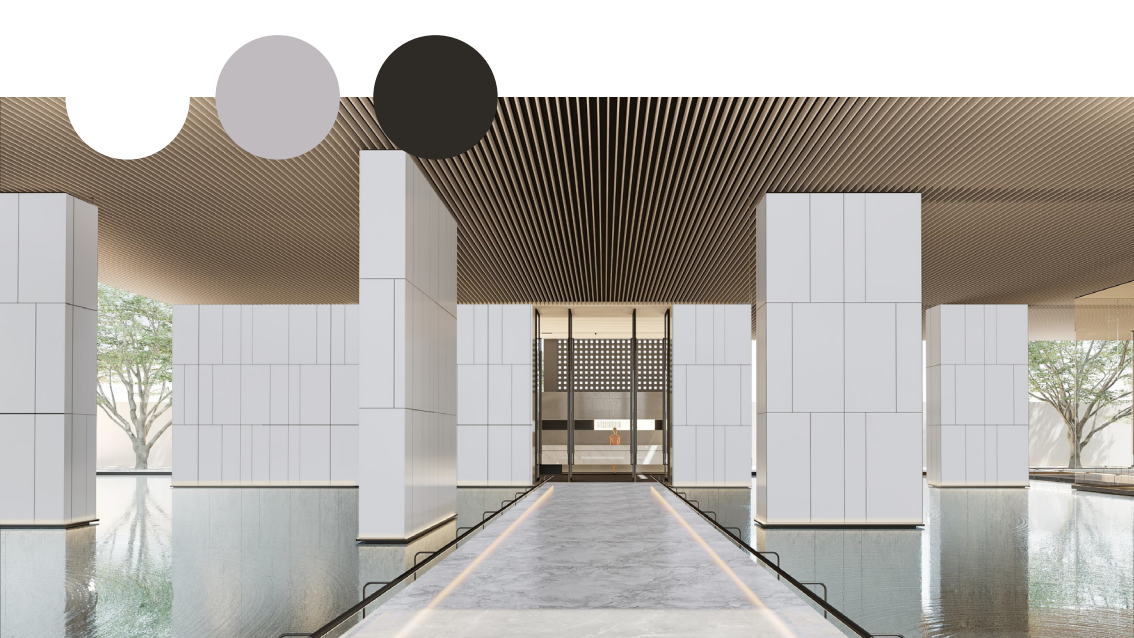

The famous philosopher Goethe once said:
Color is the trouble of slight, and white is the record of colors."

The beauty of Bianco Super is that
it still has an attractive texture after a period of time.
It is the most commonly used element in simple design and is classic and never goes out of style. Bianco Super is not only a color, but also a design concept, generating the impression of emptiness, tranquility, and the interplay of reality
