

Bianco Super+

NABEL

The famous philosopher Goethe once said:
Color is the trouble of slight, and white is the record of colors.

The beauty of Bianco Super is that
it still has an attractive texture after a period of time.
It is the most commonly used element in simple design and is classic
and never goes out of style. Bianco Super is not only a color,
but also a design concept, generating the impression of emptiness,
tranquility, and the interplay of reality.
